English and Maths results were first achieved in 2017. Most of the remaining GCSEs achieved their first reformed results in 2018. In 2019, the remaining GCSEs will be graded at 9-1. There may be a small number to be updated in 2020 but for 2019, almost all GCSEs are on the 9-1 grade set.
- To minimise the need for schools to input points and values manually for additional 9-1 GCSEs from Summer 2019 onwards, the Populate Grade Details from Similar QNs process has been provided.
- Details of existing qualifications with the same qualification type and grade set that are already present in SIMS are displayed for selection, so that the existing points and values can be copied and applied to any new qualifications that share the same qualification type and grade set. It is also possible to apply existing points and values via the Add Existing QN button.

Steve Ayers:

This will be my last round of forums/user groups as I will be putting my retirement notice in soon and will not be part of the team for the next round of forums. I will not be fully retiring but will hopefully be moving to a part-time job outside of the council and IT so more like semi-retirement.

I would just like to say a big THANK YOU to everyone who has made my last 11 years interesting. One of the most enjoyable parts of the job has been attending the forums and meeting you all, but I feel that it is time for me to move on to new challenges and I'm looking to move back to my family trade of horticulturist/nurseryman.

I'm not leaving immediately but will only be around for another couple of months.

I wish you all the best and good luck for the future, thank you and goodbye.

**THANK YOU AND HAVE A
SAFE JOURNEY**
