Resources for Northern Ireland	6
Northern Ireland Primary	7
Northern Ireland Secondary	7
Northern Ireland Special	7
Resources for Wales	7
Wales Primary	7
Wales Special	10
Welsh Secondary	12
Documentation	14

Introduction

The Assessment Manager and Performance Analysis Resource Kit (AMPARK) provides a set of resources for use with SIMS Assessment. This kit assists with the End of Key Stage process.

AMPARK is installed on each SIMS workstation as part of each release (via SOLUS).

Purpose of this Release

There are no changes to AMPARK resources in the SIMS 2020 Autumn Release.

Resources for England

There are no changes to AMPARK resources in the SIMS 2020 Autumn Release.

Access to KS4 Resources

Provision of Additional Aspects for Key Stage 4

Secondary schools in England can import additional KS4 resources to enable the accurate generation of PI values in the SIMS School Report. The additional resources are based on the DfE list of qualifications, which count towards performance tables for schools. All points used (with the exception of 9:1 reformed GCSEs) are based on a single GCSE equivalence.

The KS4 Assessment Mapping Tool provides generic (non-board specific) GCSE and AS subject aspects. It is possible that the specific qualification being taught in a school is not one from a board, or of a subject that is included in the various EBacc and Performance Table measures lists supplied by the DfE for a given year. Therefore, schools should consider this when mapping aspects and results, especially for the purpose of running the SIMS School Report, because this could produce results that conflict with those produced by Examinations Organiser.

Please note that if you have previously mapped results to a related aspect because the aspect you required was not available, you must retrospectively remove these mappings and results before mapping the results to the correct aspect.

The KS4 resources are available after importing the following files:

- [Assessment Mapping Tool Secondary.xml](#)
- [KS4 Assessment Mapping Tool Aspect.xml](#)
- [KS4 Assessment Mapping Tool Resultsets.xml](#)

Resources for Northern Ireland

There are no changes to AMPARK resources in the SIMS 2020 Autumn Release.

The Key Stage Levels of Progression files are no longer year specific. These files contain both English and Irish medium resources and are named as follows:

- **KS1 Levels of Progression 2019 Onwards.xml**
- **KS2 Levels of Progression 2019 Onwards.xml**
- **KS3 Levels of Progression 2019 Onwards.xml.**

The underlying components of grade sets, aspects and result sets remain unchanged. New resources will be made available only when new requirements are released.

The import and export routines have been enhanced.

Wales Special

We have provided an AMPARK folder for Welsh Special Schools and have implemented the Auto Import routine so that you no longer have to add the Statutory Assessment or PoS resources manually. Resources required for Assessing Pupil Progress and Performance Analysis can be imported from the Wales Primary or Wales Secondary AMPARK folders.
